Good Afternoon,

Attached is a General Message formally requesting to extend the Ops Period 22 IAP until the next UC Brief. Ops, Planning and Environmental discuss information needed to develop the Final IAP last week. The new IAP will be ready for review before the Hot Wash begins and can be discussed and signed during the working UC Update at lunch.

Please review the attached General Message and respond to this e-mail if you approve or not.

Respectfully,

Ryan Andersen

I vaguely recall that statement. If that's the case, we need at the very minimum, a signed cover page by all UC members documenting that decision and memorializing that date.

If I recall correctly we agreed at last UC meeting to extend the last IAP until we met on the 28th

UC,

Looking at the last IAP (Operation Period 22), it appears that the IAP the Unified Command signed has since expired on October 14<sup>th</sup>, 2015. I spoke with Ryan Andersen yesterday and asked him to expedite a new IAP for our review, approval and signature. I've already received one call from our agency representatives in Sacramento asking about the reason for the lapse and the absence of a current IAP.
